## Tour Itinerary

### Day 1 :

The 2 Day Pilanesberg safari begins and ends in Johannesburg.

Travel day. Our scheduled 2 Day Pilanesberg safari tours leave from Johannesburg at 06H30. Your guide for the duration of the safari vacation will meet you at your hotel. And then we load up the vehicle, bid the city a not so fond farewell and head towards the Province of North West. The drive takes about 2 hours.

Upon arrival, we get you settled into your accommodation and freshen up before we head into the Pilanesberg for our first safari experience. We usually spend the next 5 hours in the park observing the wild animal with your guide. We head on back to camp by about 15H00 where you have some free time for a siesta, swim or ice cold beer. In the afternoon we pile you into our game vehicle to enjoy 'sundowner' safari drive-one of the best times for spotting lions.

Compulsory sunset beers or wine on the drive. A relaxing dinner served under the starry African night skies awaits your return. Then it's a glass of wine around the roaring fire and off to bed with your favorite teddy bear.

### Day 2 :

Enjoy the magic of an African sunrise that the Pilanesberg is famous for. But not from the luxury of your accommodation. Poor you. Today is an early start today.

We wake up at 05H00, wash the sleep out of your eyes, enjoy a nice cup of steaming coffee and pile into the Landrover for a 3 hour tour of the Pilanesberg. The early morning is a perfect time to see lions. At about 09H00 we will fill your empty stomachs with a scrumptious breakfasts and talk about all the awesome wildlife that you saw on the safari.

We will then spend the rest of the day driving around the park observing the many animals that can be found in the park. A homemade lunch is served in a secluded 'hide' next to a watering hole favoured by elephants and rhino. And about 16H00, we bid the Pilanesberg a fond farewell and take the 2 hour drive back to Johannesburg.
