And then we load up the vehicle, bid the city a not so fond farewell and head towards the heart of the African Bushveld. The drive takes about 7 hours. We are heading for the northern part of the park. Our humble abode for the night is the Tsakane Safari Camp in Balule region.

A relaxing dinner served under the starry African night skies awaits your return. Then it's a glass of wine around the roaring fire and off to bed with your favourite teddy bear.
